MESSAGE FROM THE PRESIDENT

The Upsala College Foundation
Although Upsala College may have closed its doors, its spirit is still alive and well in each and every one of us - the 10,000 + alumni across the country and around the world. I ask that you all help in keeping the Upsala College spirit alive.

Upsala's memories and her 102 year old tradition of excellence still exist. At Upsala we learned, grew, fostered friendships to last a lifetime and spent some of our happiest days. Upsala gave us the education to flourish and be successful in our lives - many of us owe much of what we have to Upsala, our Alma Mater.

The Upsala College Foundation's mission is to ensure the Upsala spirit and tradition of excellence be kept alive. We will provide services for Upsala Alumnus, such as reunions, newsletters, web site(s), Alumni Locator Service, and an Upsala Scholarship. The Upsala College Foundation Scholarship will be available to the families of our alumnus, so that our children can be part of our history and carry on the Upsala legacy.

The Upsala College Foundation is a living link to the College. It is the only organization that can provide a vital link between Alumni, Faculty and Staff of the College. Enclosed you will find an alumni survey. Please complete it so we can maintain and update our files. We have a dream that we can offer our alumnus the feeling of belonging - and keeping lines of communication alive. Like all organizations, dream fulfillment does come with a price, and I hope that you will continue your generosity to Upsala, through the Upsala College Foundation. With your tax-deductible contribution, we will be able to plan alumni events, reunite old friends and keep the Upsala Spirit alive.

I thank you for your generous support and look forward to receiving good news from you.

Sincerely,

Ronald J. Mount '65
President

UPSALA COLLEGE ARCHIVES UPDATE

As noted in the last issue of Swenson Center News, the Swenson Center has received the archives of Upsala College in East Orange, New Jersey. Upsala College closed its doors in May 1995, and its archives were subsequently transferred to Rock Island, Illinois. Upsala College was founded in 1893 as a way of providing Swedish Americans on the east coast with educational opportunities.

The cataloging and inventorying of the archives will be an important task for the Swenson Center as we make these materials available for future use. The Upsala College archives are not only important from the point of view of Swedish immigration history as the school was founded by the Swedish Lutheran Augustana Synod, but the school's records will also provide scholars interested in issues of higher education with rich materials for studying the life of a private liberal arts college and how it coped with changing circumstances of the last decades.

Please note that the Swenson Center does not have any student records from Upsala College. They are maintained by Felician College of Lodi, New Jersey, and any question regarding transcripts, etc., should be directed to that institution.

The transfer of the Upsala College archives from New Jersey to Rock Island was made possible by a generous grant from Lutheran Brotherhood.
